By Jessica Brown : Anti-Individualism and Knowledge (Contemporary Philosophical Monographs) humanism is a philosophical and ethical stance that emphasizes the value and agency of human beings individually and collectively and generally prefers critical i definition of philosophy ii division of philosophy iii the principal

systematic solutions iv philosophical methods v the great historical currents of Anti-Individualism and Knowledge (Contemporary Philosophical Monographs):

Contemporary philosophy of mind is dominated by anti individualism which holds that a subject s thoughts are determined not only by what is inside her head but also by aspects of her environment Despite its dominance anti individualism is subject to a daunting array of epistemological objections that it is incompatible with the privileged access each subject has to her thoughts that it undermines rationality and absurdly that it provides a new route to a prior Jessica Brown one of the leading contributors to the debates regarding anti individualism s epistemological implications has produced a book that is both systematic and nuanced in its account of these implications Her robust defense of anti individualism w
