from positivism in its philosophical sense of aesthetics s t k s or i s t k s ; also spelled sthetics and esthetics is a branch of philosophy that explores the nature of Naturalism: A Critical Analysis (Routledge Studies in Twentieth Century Philosophy):

Naturalism provides a rigorous analysis and critique of the major varieties of contemporary philosophical naturalism. The authors advocate the thesis that contemporary naturalism should be abandoned in light of the serious objections raised against it. Contributors draw on a wide range of topics including epistemology, the philosophy of science, the philosophy of mind and agency, and natural theology.
