with reflections on a strawsonian analysis Deontic Morality and Control (Cambridge Studies in Philosophy):

0 of 0 review helpful a first rate work By John Davenport This book develops a novel position in the recent debates about the freedom conditions of moral responsibility It is absolutely first rate analytic work on free will bringing popular recent compatibilist positions into serious doubt This book addresses the following dilemma if determinism is true no one has control over one s actions If indeterminism is true then no one has control over one s actions But it is morally obligatory right or wrong for one to perform some action only if one has control over it This dilemma can be evaded because moral obligation is incompatible with determinism but not with indeterminism Prof Haji concludes by explaining that if no action is morally obligato Readers interested in recent debates not only in its main field but in virtue ethics or on the relation of morality to practical reason will find the work impressively up to date and incisively engaged Journal of Moral Philosophy rigorous and
