By Andrei Marmor : Social Conventions: From Language to Law (Princeton Monographs in Philosophy)

description of the book social conventions from language to law by marmor especially to social and legal philosophers princeton monographs in philosophy social conventions are those arbitrary rules and norms governing the countless behaviors all of us engage in every day without necessarily thinking about them from Social Conventions: From Language to Law (Princeton Monographs in Philosophy):

Social conventions are those arbitrary rules and norms governing the countless behaviors all of us engage in every day without necessarily thinking about them from shaking hands when greeting someone to driving on the right side of the road In this book Andrei Marmor offers a pathbreaking and comprehensive philosophical analysis of conventions and the roles they play in social life and practical reason and in doing so challenges the dominant view of social convention This is certainly an important addition to this rather narrow body of academic scholarship Choice Social Conventions is an important contribution to scholars from at least two disciplines philosophy and law T his b
