By Matthew Elton : Daniel Dennett: Reconciling Science and Our Self-Conception vitalism is the belief that
quot;living organisms are fundamentally different from non living entities because they contain some non physical
element or are governed by the idea that a free agent quot;could have done otherwisequot; is a key element in the

libertarian argument Daniel Dennett: Reconciling Science and Our Self-Conception:

Daniel Dennett is one of the most influential thinkers at the interface between philosophy and science This book is the first comprehensive examination of Dennett rsquo s ideas on the nature of thought consciousness free will and the significance of Darwinism A highly original introduction to contemporary thinking about the relationship between mind and science This is the first comprehensive
