3 of 3 review helpful A Book of Great Spiritual Depth by a Great Mystic By Joseph A Schrock Divine Love and Wisdom is the first book I read that was written by Emanuel Swedenborg I was very impressed with both Swedenborg's great intellectual and creative powers as a spiritual thinker and his powers of insight and wisdom as a great mystic However I must confess that the skeptical side of my character keeps wishing for Divine Providence is one of the major works of the Enlightenment scientist and religious seer Emanuel Swedenborg It provides a coherent and satisfying solution to what has been called "the problem of evil" How are God's goodness and power reconcilable with evil's presences in the larger world and in the human mind and heart By tackling an array of issues that commonly undermine belief in God including war suffering and inequity Language Notes Text English translation Original Language Latin From the Back Cover Written at a time of intense theological debate on the nature of God's governance of the world The Divine Providence deals with a world
