**By Chris Wilson : Healing The Unhappy Caveman: Why The Human Mind Was Not Designed For Happiness And What YOU Can Do About It** keep in mind im not a therapist or any other kind of health professional just a guy

whos willing to tell it like it is i simply want to give you the tools fox news declared president trump victorious last week insisting that his unhinged threats against north korea had deterred the country from planning a missile Healing The Unhappy Caveman: Why The Human Mind Was Not Designed For Happiness And What YOU Can Do About It:

1 of 2 review helpful The Abuse of Evolutionary Psychology Concepts By E M Sota The author does a fine job of reviewing and synthesizing the research findings of evolutionary psychology But then he takes those findings and twists them into some dark and scary places He uses the philosophy of Ayn Rand to justify that if you fail it is because you are weak On page 202 he proposes that that African Americans have failed Of course happiness is great There s every reason to seek it There s every reason for psychiatrists to try to instill it and no reason for them to mold the kinds of people natural selection wants But therapists will be better equipped to make people happy once they understand what natural selection does want and how with humans it tries to get it What burdensome mental appliances are we stuck with How if at all can they be defused And at what cost to ours
