the Free Will Illusion for the Betterment of Humankind:

7 of 8 review helpful This book ends the Free Will Debate By Alex Baker This book is as thorough as it really gets on the subject of Free Will The author presents a simple but extremely powerful argument for why Free Will is an illusion and then proceeds to attack his own argument from every imaginable angle Any reasonable person will walk away from this book with a full understanding of why Free Will just can't be true Learn why the belief in free will doesn't make sense and why you and the rest of humankind will be better off abandoning it Free will is an ability many think they possess Most however aren't aware of the dangers imposed by such a belief and have never thought about free will other than their own assumptions based on a pervasive feeling The logic reason and evidence however says something entirely different Have you ever blamed yourself for som
