3 of 3 review helpful Glad I read this book By LP Dion Owens writing style is more like a brother sharing his love of Scripture as opposed to a lofty theologian even though he handles complex beliefs He is clear and his ideas are well defined I was never left wondering what Owens was trying to convey In fact this book is formatted in such a way that Owens states his Goal and Purpose at the beginning of each chapter and Does God allow tornadoes Or does He PLAN them What about cancer If God is in control why pray Does prayer really change things Did you know tithing money is NOT taught in the Bible Does your church consider the three E s to be worship What is Oprah s greatest aha moment What does that have to do with a book like this Struggling to know God s will Maybe it s none of our business How can God be sovereign in all things and man have free will at the same About the Author After growing up a Baptist in Dallas and attending various Bible churches since my marriage in 1973 our youngest child Colson was killed in a tornado in 2006 Much of the impetus for this book is the result of what God has brought me through
