This book is called Revolution 222 and it's about a revolution in America when a guy named Bob thinks of an idea that changes the world. His idea involves taking responsibility for his own life by creating a free republic of Boblovia that answers to nobody and gets its power from the individual. Bob espouses the idea that taking full responsibility for his life is the only way to personally live and by doing so he shows others how to gain control over their lives. About the Author: Bob Fenstermaker was born in 1954 and lives in Needles, New Mexico. Most people know it as Madrid, but either way it is the central location for the confluence of ideas and consciousness that flow in Fenstermaker's fabulous new book, Revolution.
