By John Martin Fischer, Robert Kane, Derk Pereboom, Manuel Vargas : Four Views on Free Will four views on free will is an excellent introduction to the current debate regarding one of the most seductive of the perennial topics in philosophy focusing on the concepts and interactions of free will moral responsibility and determinism this

text represents the most up to date account of the four major Four Views on Free Will:

22 of 24 review helpful Short but sweet By S This slim volume serves as a fantastic introduction to the problems in philosophy on the subject of free will What is unique about this book is that it gives equal weight to four different theories libertarianism compatibilism incompatibilism and revisionism These are hardly the only four theories out there but they are definitely the most important and the most seriously Focusing on the concepts and interactions of free will moral responsibility and determinism this text represents the most up to date account of the four major positions in the free will debate Four serious and well known philosophers explore the opposing viewpoints of libertarianism compatibilism hard incompatibilism and revisionism The first half of the book contains each philosopher rsquo This book presents four recent positions on free will in a clear and accessible way along with their authors responses to each other s position Metaphilosophy January 2009 There is no better introduction to the debate available This is a b
