Croce and the Problem of Reality:

3 of 3 review helpful The most complex questions explained By MissBouquet This book is one that you will return to over and over You will read it and be blown away by the way it answers philosophical questions that you ve been asking for years and assumed were unanswerable You will put it down and then a few months later you ll go back to it just to look up a specific passage you want to revisit and you ll find your Will Imagination and Reason sets forth a new understanding of reality and knowledge with far reaching implications for the study of man and society Employing a systematic approach Claes Ryn goes to the philosophical depths to rethink and reconstitute the epistemology of the humanities and social sciences He shows that will and imagination together constitute our basic outlook on life and that reason derives its material and general orientation from the It is a book to be pondered a quintessentially serious and profound book that stands in a great European intellectual tradition mdash Modern Age An excellent book written with clarity learned judiciousness and yet with a kind of passion
