16 of 16 review helpful A thoughtful and wonderful book By Sean Owens DVM As a veterinarian I can honestly say that this book belongs on the bookshelf of anyone who shares their life with a canine companion Moreover this book may well serve as a Rosetta Stone for helping us to understand not only our relationship with dogs but our relationships with our friends in general The book is thoughtful compassionate and well Gary Borjesson explores what it means to be friends mdash really friends mdash with a dog and how that relationship can illuminate and inform the other friendships in our lives We can learn much about friendship by examining our relationships with dogs partly because of what we have in common with them but also because of what we do not Our differences put friendship and its terms in striking relief The resulting perspective is especially valuabl About the Author Gary Borjesson lives in Annapolis Maryland with his wife and German shepherd Aktis He has a PhD in philosophy and teaches at St John s College
