By Steven Cahn : Fate, Logic, and Time: fatalism is a philosophical doctrine that stresses the subjugation of all events or actions to fate fatalism generally refers to any of the following ideas saber seiba is one of the main characters

of fatezero and one of the three main Fate, Logic, and Time::

7 of 7 review helpful A great book with a very limited target audience By soilcreep This book outlines in excruciating but necessary detail the argument that the laws of logic alone with no further premises prove that no man has free will All other arguments against free will argument from cause and effect argument from omniscience are covered only insofar as they relate to the main argument Very early in th Philosophical fatalism book
