**By Arthur Schopenhauer : On the Fourfold Root of the Principle of Sufficient Reason (Cosimo Classics)** On the Fourfold Root of the Principle of Sufficient Reason (Cosimo Classics):

9 of 9 review helpful THE Copy to Buy By D T A bit of an esoteric book unless you re working your way through Schopenhauer s library of works If you re looking at it here you probably already know you want it and this is by far the best priced best translated of all the other options The Payne translation complements Dover s The World as Will and Representation by Payne extremely well and if you are going to read Wo A disciple of Immanuel Kant Arthur Schopenhauer took the Kantian concept that all knowledge derives from experience and broadened it to conclude that our experience of the world is necessarily subjective and influenced by our own intellect and biases and that reality is but an extension of our own will This is the basis of all of Schopenhauer s thinking and here he offers an essential foundation for understanding and appreciating all of his work First produced as h Language Notes Text English German translation
