**By W.H. Davis : The Freewill Question** free weekly reports and writings by rob brezsny and expanded audio versions for a fee youre entering a phase of your astrological cycle when youll be likely to receive gifts at a higher rate than usual some gifts could be big complex and catalytic The Freewill Question:

3 of 3 review helpful Great guy great book By Dick Clark After having him as a professor twice I decided I liked his style of teaching well enough to take a look at his books The Freewill Question is a great book arguing against Determinism I really like it for several reasons First the opposing view Determinism is really given equal time in the book and thus Dr Davis argument is all the more convincing Seco This book is the result of a discontent on my part with r the super shy ficial and offhand way many determinists set forth their arguments without the slightest hint of the difficulties which have been raised against those arguments and 2 the fact that the chief and best argu shy ments of the libertarians are scattered allover the literature and are seldom if ever brought together in one package may be taken as an effort to gather into one place Mostly this work
