0 of 0 review helpful Brilliant well written and mind opening By A Teleb Brilliant well written and mind opening A must read classic for any philosopher social scientist literary theorist or the general reader Few if any philosophers can write this well This book was originally published prior to 1923 and represents a reproduction of an important

historical work maintaining the same format as the original work While some publishers have opted to apply OCR optical character recognition technology to the process we believe this leads to sub optimal results frequent typographical errors strange characters and confusing formatting and does not adequate About the Author Bergson won the Nobel Prize in literature in 1927
